PROFILE

I am a dedicated and ambitious software engineering student with a strong desire to secure a challenging position in the field. Currently pursuing a Bachelor of Science in Software Engineering from Shenkar College of Engineering and Design, with an expected graduation year of 2025. My academic journey has equipped me with a solid foundation in software development principles, algorithms, data structures, and programming languages.

WORK EXPERIENCE

Security Officer, EL-AL Airlines

2019-2021

- As a Security Officer at EL-AL Airlines based in Newark Airport, New York, I gained invaluable experience in maintaining a safe and secure environment for passengers, personnel, and airport facilities. During my tenure, I was entrusted with critical responsibilities, which I approached with the utmost professionalism and attention to detail

MILITARY SERVICE

Combat Commander, Karakal Battalion

2015 - 2018

- As a Combat Commander in the Karakal Battalion of the Israeli Defense Forces, I had the privilege of serving in a position of leadership, where I developed crucial skills, displayed resilience, and learned the importance of teamwork and effective decision-making in challenging environments.
